## Currency Board Compliance as of 30<sup>th</sup> June 2019

### Explanations

The Rule on issuing convertible mark (Currency Board arrangement) is published in accordance to the requirements of the Articles 31 and 35 in the Law on the Central Bank of Bosnia and Herzegovina (the Bank) in order to provide information on the Bank operations pursuant to the Currency Board arrangement.

**As of 30<sup>th</sup> June 2019, the Central Bank met all requirements of the Currency Board as mentioned in the Article 31 of the Law.**

Net foreign exchange reserves of the Bank exceed the convertible mark (KM) monetary liabilities by KM 817,558 thousand, as presented in the item ***Net foreign assets***.

Foreign exchange reserves of the Bank are invested mainly in debt securities and deposits held with foreign banks, with the breakdown of Euro and other currencies holdings.

**Monetary liabilities** consist of the Bank's liabilities for currency in circulation (KM 4,924,022 thousand), deposits from banks (KM 5,495,755 thousand) and deposits from the Government and other depositors (KM 782,529 thousand).

Liabilities to non-residents represent, to the largest extent, the IMF accounts No. 1 and No. 2, held by the Bank, being a depositary for the IMF membership of Bosnia and Herzegovina.
