Currency Board Compliance as of 31th December 2019

Explanations

The Rule on issuing convertible mark (Currency Board arrangement) is published in accordance to the requirements of the Articles 31 and 35 in the Law on the Central Bank of Bosnia and Herzegovina (the Bank) in order to provide information on the Bank operations pursuant to the Currency Board arrangement.

As of 31th December 2019, the Central Bank met all requirements of the Currency Board as mentioned in the Article 31 of the Law.

Net foreign exchange reserves of the Bank exceed the convertible mark (KM) monetary liabilities by KM 771,176 thousand, as presented in the item *Net foreign assets*.

Foreign exchange reserves of the Bank are invested mainly in debt securities and deposits held with foreign banks, with the breakdown of Euro and other currencies holdings.

Monetary liabilities consist of the Bank's liabilities for currency in circulation (KM 5,199,916 thousand), deposits from banks (KM 5,743,619 thousand) and deposits from the Government and other depositors (KM 880,675 thousand).

Liabilities to non-residents represent, to the largest extent, the IMF accounts No. $\dot{1}$ and No. 2, held by the Bank, being a depositary for the IMF membership of Bosnia and Herzegovina.

Any questions can be addressed to the Communications Office via e-mail: pr@cbbh.ba.

The Central Bank of Bosnia and Herzegovina is independent monetary institution of BH and has no organisation relations with any commercial bank.
